Monitoring visits will be scheduled and confirmation letters will be forwarded to the Subgrantee at least one month prior to the scheduled visit.

The OEO may conduct monitoring through a team visit. The team or individuals visiting Subgrantees will prepare a summary of the field visit and Monitoring Report (MR) upon return to the OEO. Subsequently, the MR will be forwarded to the Subgrantee, with a copy to the Chairman of the Board of Directors, and will address any deficiencies identified during the field visit. (Copies of the MR will be forwarded to the entire Board of Directors when there are major issues to be addressed.) Each Subgrantee will have a specific period of time to correct the deficiencies identified, if applicable. Major findings will be tracked by OEO to final resolution. Uncorrected deficiencies may result in contract suspension or possible termination in accordance with established policies.

Monitoring Report Timeline:

Following the exit conference, the CAA has five (5) business days to provide pending information requested by OEO to resolve outstanding monitoring concerns.

Following the exit conference, OEO has twenty-five (25) calendar days to issue a draft report to the CAA.

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 1

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

No policy and/or procedural changes were made in the last FFY.

12.4 Describe your fair hearing procedures for households whose applications are denied.

An OEO-approved Appeal and Fair Hearing notice must be posted in the lobbies and at intake sites where LIHEAP applications are taken. OEO verifies this during site visits and with the submission of the agency's Community Action Plan for LIHEAP.

Denials: Applicants who assert being unfairly treated, denied assistance and/or services must be informed at the time of application of the reason for denial. Such notification must clearly cite the reason for denial. The applicant has the right to appeal/request an official hearing within 30 days of the date of denial. A Notice of Denial can be issued when: applicant is refused access to services and financial assistance; applicant does not fulfill his/her obligations to program participatory requirements or exceeds the income eligibility requirement; applicant does not provide sufficient information to complete his/her application or has knowingly provided false and/or misleading information; applicant has maxed out his/her eligibility for program assistance during the program year; funds are exhausted; applicant has not met the time restraints on program availability (e.g. between LIHEAP heating and cooling periods).

- Customer's should appeal first to the Community Action Agency in which he/she applied for service(s), requesting a formal hearing.
- If the appeal is denied at the Community Action Agency, a written appeal can be submitted to the Office of Economic Opportunity:

1205 Pendleton Street, Suite 366

Columbia, SC 29201

(803) 734-0662

- If the appeal is further denied by the Office of Economic Opportunity, a petition can be made to an appellate court in the State of South Carolina.

12.5 When and how are applicants informed of these rights?

An OEO-approved Appeal and Fair Hearing notice must be posted in the lobbies and at intake sites where LIHEAP applications are taken. The State verifies the posting during site visits. In addition to the notice posted at each intake site, the fair hearing notice appears on the statewide application and OEO's website.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

Eligible entities are required to make determinations and provide notification of eligibility decisions on applications for nonemergency LIHEAP benefits within 30 business days after the filing of application with all required documents. For emergency LIHEAP assistance, the agency is required to determine eligibility within 18 to 48 hours upon the receipt of all required documents necessary for application. Individuals whose applications are not acted upon within the established timeframes may appeal at the agency and state level.

- Customer's should appeal first to the Community Action Agency in which he/she applied for service(s), requesting a formal hearing.
- If the appeal is denied at the Community Action Agency, a written appeal can be submitted to the attention of the Office of Economic Opportunity's Legal Counsel:

1205 Pendleton Street, Suite 366
Columbia, SC 29201

- If the appeal is further denied by the Office of Economic Opportunity, a petition can be made to an appellate court in the State of South Carolina.

OEO will also provide training and technical assistance to agencies whose applications fail to be processed in a timely manner. OEO verifies applications are processed in a timely manner during monitoring.

12.7 When and how are applicants informed of these rights?

An Appeal and Fair Hearing notice must be posted in the lobbies and at intake sites where LIHEAP applications are taken. The notice outlines the escalation process for appeals, beginning with the serving agency. Applicants are also informed of their right to appeal on the statewide application and OEO's website.

OMB Clearance No.: 0970-0075

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

The LIHEAP Statute (Section 2605(b)(16)) allows States to use up to 5 percent, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance.

South Carolina allows local agencies to submit proposals to develop and provide energy education/efficiency resources to a targeted customer base (ex. high energy users). Agencies receive funding contingent upon an approved plan for services that "will reduce household home energy need." When delivering Assurance 16 programs, many agencies invest a significant amount of resources for each household that they serve to include longer term, more comprehensive case management services and follow-up.

South Carolina agencies utilize the following programs to implement Assurance 16 efforts:

- **Workshops** - Agencies offer customers energy conservation and/or household budgeting workshops, often partnering with local vendors and banks.
- **One-on-One** - As a follow-up to the workshops, customers meet one-on-one with agency staff to develop a personalized plan for the household. Most agencies require monthly follow-up where they review and analyze the household's progress based on energy usage.
- **Financial Incentive** - Agencies keep clients engaged in the program by offering financial incentives for completing specific milestones and/or completing outlined tasks. Incentives will vary by agency according to their approved plan. South Carolina will not exceed the 5 percent allowed to administer Assurance 16 services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

The OEO will not allocate more than 5 percent of LIHEAP monies to fund Assurance 16 activities and incentives, and will monitor each budget submission and financial report to ensure compliance.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

The overall impact of Assurance 16 efforts cannot be determined at this time, as South Carolina operates on a calendar year (Jan 1 - Dec 31). FY 2018 results from Jan 1 - July 31, yielded participation of 173 households, with 32% displaying positive energy behaviors (reduction of energy usage and/or costs) when compared to the previous year's/prior month's energy usage/expenditures.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

A total of \$23,640 Assurance 16 direct incentive benefits were provided from Jan 1 - July 31, 2018. Targeted efforts to recruit participants included LIHEAP recipients who are repetitive customers; households in need of consistent energy crisis intervention; and high energy users. Energy education workshops were provided by local utility vendors and incentives were provided to participants who attended. Some households received low measure weatherization kits. Additional incentives were provided to customers who displayed positive energy behaviors from month to month, following the agency's intervention. Energy debt forgiveness incentives were provided upon completion of workshops to help customers establish/reestablish home energy service(s) in their names to secure housing or avoid the loss of property.

13.5 How many households applied for these services? 179

13.6 How many households received these services? 173

Section 14:Leveraging Incentive Program, 2607(A)

14.1 Do you plan to submit an application for the leveraging incentive program?

Yes No

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

The State leverages resources from private agency funding (Project Share) in order to extend the scope of LIHEAP funds. OEO distributes funding from three (3) utility companies in South Carolina through Project Share; a program consisting of subscriber and corporate contributions from Duke Energy Progress, South Carolina Electric and Gas (SCE&G) and Piedmont Natural Gas (Share the Warmth program). If a household's utility vendor participates in Project Share, those funds may be expended to provide an additional energy-related service.

Project Share Reporting

Project Share operates on a state fiscal year beginning July 1st and ending June 30th of the following year. All Project Share client assistance data is to be maintained in the SC ROMA database (DBA FACSPRO) and reported monthly on a separate Household or PSR Form for each fund source.

Project Share Exclusions

Project Share funds may not be used to purchase/install a window heat pump a/c unit, air conditioner, fan, heater or for repairs/replacement of HVAC systems. Project Share funds may not be used for administrative costs. Fans may be purchased with Duke Power Project Share funds without prior approval.

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

South Carolina strives to fully and accurately report LIHEAP Performance Measure data as outlined. The OEO has experienced a challenge in recruiting vendors to fully participate by providing complete information. With the help of Melissa Torgerson (Verve consultant) and utilizing resources from the LIHEAP Clearing House, OEO has improved in reporting some of the measures but continues to face confidentiality matters surrounding our vendors.

Moving forward, we will continue to share the full LIHEAP Performance Report (instructions and calculations), vendors agreements and customer approved applications that allows the OEO to access LIHEAP customer's household fuel/utility/energy information for State and Federal data reporting. We will continue to educate vendors on required federal reporting with the expectation that South Carolina may depict a more accurate account of LIHEAP performance.

By 2019 we hope to have South Carolina's two largest electric and natural gas vendors fully participating with accurate reporting. We will then recruit and engage smaller vendors.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.
