WAP Memorandum 059

REPLY TO

ATTN OF:  **Erica Burrin, Weatherization Assistance Program, Program Manager
Weatherization and Intergovernmental Program Office**

SUBJECT: **2020 Weatherization Grant Application Active Weatherization Program Notices Update**

TO: **Weatherization Assistance Program Grantees**

The Department of Energy (DOE) issued Weatherization Program Notice (WPN) 20-1, Program Year 2020 Weatherization Grant Application, plus the 2020 Application Instructions and Administrative and Legal Requirements Document (ALRD) on December 11, 2019. Page 12 of WPN 20-1 contains a table that lists the active WPNs which address specific policy areas that must be adhered to by all Grantees and Subgrantees operating weatherization programs using DOE funds.

Upon issuance of WPN 20-1, DOE became aware that WPN 11-3, Policy Regarding the Use of DOE Program Funds to Pay for Call-Back/Add-On Work After Reported to DOE As A Completed Unit, issued on December 15, 2010, was inadvertently omitted from the table. This WPN should be considered active and can be found online through this link on the [EERE Website](#).
